TW // sexual abuse, deadnaming, stalking , death , serious injury to family member ., other ?

Before I start this, I wanna state the following:

Im not good at typing or writing/explaining but ill try to the best of my abilities. I'm horrible at defending myself verbally or w/ sudden conflict.
Please call me Rye (they/them). I will be showing my dead name in this screenshot but PLEASE call me Rye.
I do not want to associate with these people ever again.

PLEASE DO NOT WITCHHUNT ANYONE ON THIS POST. I DO NOT SUPPORT OR ENDORSE THAT.

I wanna start out heading into my own faults.

When I was 13-18 ish , I had trouble w/ using sexual shit as a way to get attention from exes when i was with them. I wont lie that i'm guilty of that and I have no answer for that but I am currently talking to my therapist about it. During 13-18, I couldnt handle change well and i wont lie sometimes I was emotionally / verbally abusive when i was hurt/mad. I agree that these actions SHOULD NOT be excused. At the time i saw nothing wrong with my actions and often used everything as an excuse. I use to sucide bait sometimes (most of the time meaning it but i cant lie and say that its true for all the time).
I wasnt the nicest person as a kid/teen and im honest when I say i was down right abusive at times and i wont make excuses for my past actions such as privately deadnaming out of petty shit, stalking people who i feared, being part of hacking and deleting tonic's channel, calling many of my exes rude and nasty things

behind their backs or to them and being over sexual towards them for attention.
Im trying my best to become a better person in the past year and seeking therapy and i am medicated for my moodswings. I regret the shit I did in my past but I cant dwell if I wanna get better. I am truly sorry to the people ive hurt in the past but i know how traumatic some shit people say to you can be.

I wanna note other than the mentioning of Tonics accounts being hacked and deleted, I will not be talking about them because I just want that to be done with them and this isnt about them.

SKURUTTIFRUTTII / TROPICDASH / JOJO / JO / Joey

I will be referring to this person as Jo (she/her). Feel free to correct me if this is not what she goes by or what pronouns she uses and i will correct this w/ the correct name and pronouns.

I met Jo on Deviantart back in 2015-2016ish and we became friends then dropped eachother for a while then became friend again in 2018 ish . She was my “best friend” in 2018 before what ill call the “gorillaz discord drama” at the start of 2018. This will involve all three people here and ill go more in detail after i cover them.

After the drama, Jo dropped me completely until 2020. Ill go into more detail of this inbetween time period when we get to Visk.

2020

In 2020, i made an extremely vague post about the abuse Visk put me through and Jo went out of her way to make a side account to comment on it. I since deleted the post after a panic attack due to being stalked.

Later Jo got in contact with me in may of this year on deviantart:

I thought I could let bygones be bygones so I ended up discord messaging her.

im rewatching some old vents.... sorry that in them i came off as fully blaming you. was never my intent in the past.... i was just venting

i already forgave u, u had good reasons and if i was in ur situation i mightve just done the same
stress makes u do dumb shit
i was indeed to blame for alot of things though, so ur not 100% in the wrong

Rye / Avi 05/11/2020
i know i just wanted to apologize. also i shouldnt have been paranoid about you because I was scared to lose Kobe to you when I knew it wasnt gonna last forever and i know it was really one sided with me and him.... im sorry about that too... i dont think i was angry... just jealous he never really treated me like a girlfriend tbh ^^" also sorry if i seem caught up on him still.... im still trying to get over everything and that he was my second true relationship so aaa ;;

jojo 05/11/2020
just know im not blaming u anymore and i dont think u should blame urself either, i honestly think kobe was very new to the whole " actual relationship " thing
getting over things like these take time, some longer than others so theres no need to hurry

jojo 05/11/2020
u can vent to me whenever, but i understand that this topic doesnt feel safe with me
u and kobe dont seem to bother eachother directly anymore anyway, so i dont think its entirely wrong to be bitter
u said urself that ur a bitter person in general ?

Rye / Avi 05/11/2020
only bitter about people who hurt me badly and ive opened up too much of myself to them
like random people i just kinda shrug off if they do something

my trust issues stem from being sexually abused by my family members and being verbally abused by my family too.... im sorry if i come off as defensive, its a safety thing.... i know you are trying and i thank you for that.... maybe ill tell you someday.... might do it little by little until i feel safe.... im open, yes, but there is alot of things i feel i cant say rn bc of trust issues and people like paula/macy backstabbing me and using it against me or leaving me.

jojo 05/11/2020
ur defensive behaviour isnt a bother, its a normal reaction from what i can tell (edited)
~~shit that typo~~

if ur only going to say that u dont believe him in the message it might just cause an argument

Rye / Avi 05/20/2020
Your right.
Idk he just stresses me out...
Like he acts like everything can be okay after everything he did to me.
I loved him and I tried everything to be with him and he kept hurting me. It fucked me up to the point where I'm at now him being a trigger. I cant forget him and the shit he put me through. I wish I could but it's now something I'm stuck with.
Also idk how yall got on the conversation of me.

Jo then became a bridge for my abusive ex to get to me and CONTACT ME when she knew i was uneasy about him and really didnt want to talk to him or Zilla

jojo 05/20/2020
he looked on the video
3:19 PM ive told him once that i talked to u again so i think it mightve made him look on ur profiles again..
(when we were playing l4d2, he asked if he could join)
so i had to tell him there
but i want to say
i think in the future u will be able to handle ur triggers better and honestly i think these event will get less severe, much less severe
so dont think ur triggers will be hell for the rest of ur life
u are very tough
sorry that i made this morning very wack

Rye / Avi 05/20/2020
I handle my my triggers actually very well and I have since I was little... I usually keep everything to myself.

Also I guess I'm use to my life being wack. Its something I shouldn't be surprised anymore by.

I'm not surprised anymore

Rye / Avi 05/20/2020
Bro me too. But anyways, use to shitty shit so aaa.
Anyways, his apologies ain't gonna do shit like clean up the emotional damage hes caused. So no, I cant just move on and forget. He made me out to be this horrible person when I stood by him no matter what while we were dating. And now he wants me to forget everything.
I wish I could forget the many times I fucking cried in bed after we fought.
Or forget the time he said he didnt love me but made me beg him to stay but then say he didn't mean it. When that happened I was on the verge of committing suicide and he didn't care.
When I need him THE FUCKING MOST HED GET MAD AND TELL ME HE DOESN'T WANT TO TALK ABOUT ANYTHING. WHEN I NEEDED HIM THE MOST WHEN I THOUGHT I HAD A PLAN TO FINALLY OFF MYSELF AND I NEEDED HIM TO CALM ME DOWN, HE IGNORED ME FOR DAYS ON END LIKE I WAS FUCKING NOTHING.

jojo 05/20/2020
i doubt anybody would forgive and forget somebody like that

Cutting ties:

Rye / Avi 07/12/2020
hey, w/ the advice from my best friend, i dont really feel comfortable enough to get close to you until you drop Kobe , due to the abuse he and zilla put me through.... I get really bad anxiety when i speak to you bc im afraid (no matter how small or unrelated the subjects are) that it will be sent to kobe and honestly knowing that Kobe is prob still stalking my socials now make me on the edge of a nervous breakdown and makes me sick. Both Kobe and Taylor are two adults who took advanced of a teen -- a minor... whether malicious or not. It is something I have to deal w/ for the rest of my life and makes me to have breakdowns alot and is something i need to put my foot down about..... I cant continue this friendship knowing that their is even a 1% chance youll get w/ Kobe or knowing that he can contact me again through you.... I dont wanna see him continue to take advantage over you or prey on you like he did me until I became useless to him ... I cant watch and live in fear either -- that he could weaponize you against me at any moment if he so wishes.... Kobe (and Zilla to a point) is a PTSD trigger. I'm willing to keep you on my friends list on everything but I do not feel safe to talk to you about anything personal about me or my life until Kobe is out of your life completely. This has nothing to do w/ you and I believe you 110% that you have changed and that you dont have any ill intent --- but i cant allow myself, as a victim of sexual, emotional and verbal abuse, to allow the abuser(s) possible access to me nor do i wanna see any art by / involving them. I respect you and I hope you can respect and understand why I need to remove myself from the situation. Once you drop him , Ill be more than willing to rekindle a friendship and start anew but until then, please stay safe. -Avi

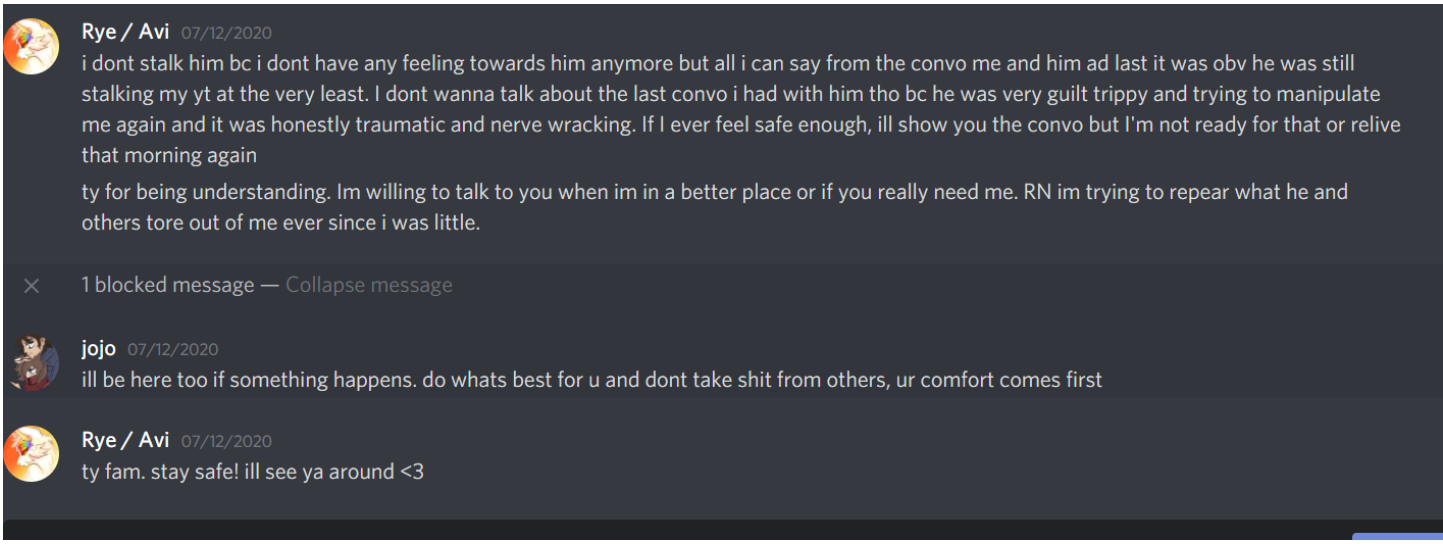
no worries, i understand. i hope u stay safe aswell
(also from what ive gathered, he stopped caring about the situation so i highly doubt he "stalks" u still. i hope that eases the stalking paranoia a bit.. just avoid stalking him urself like said in the call a while ago ? i dont want u to have ptsd attacks) (edited)



The last personal convo I had with Jo.

Now on to the stuff.

To add context, though this is wrong of me, my paranoia causes me to check on thats happening w/ people of my past.

I will again give trigger warnings. This involves deadnames (aka transphobia -- I am bigender (them they) My name is Rye and Avi is the only other name im okay with people using. Also involves my family members (car crash)

Today i got a gut feeling about something being wrong. I go and check on Jo's account and see this:

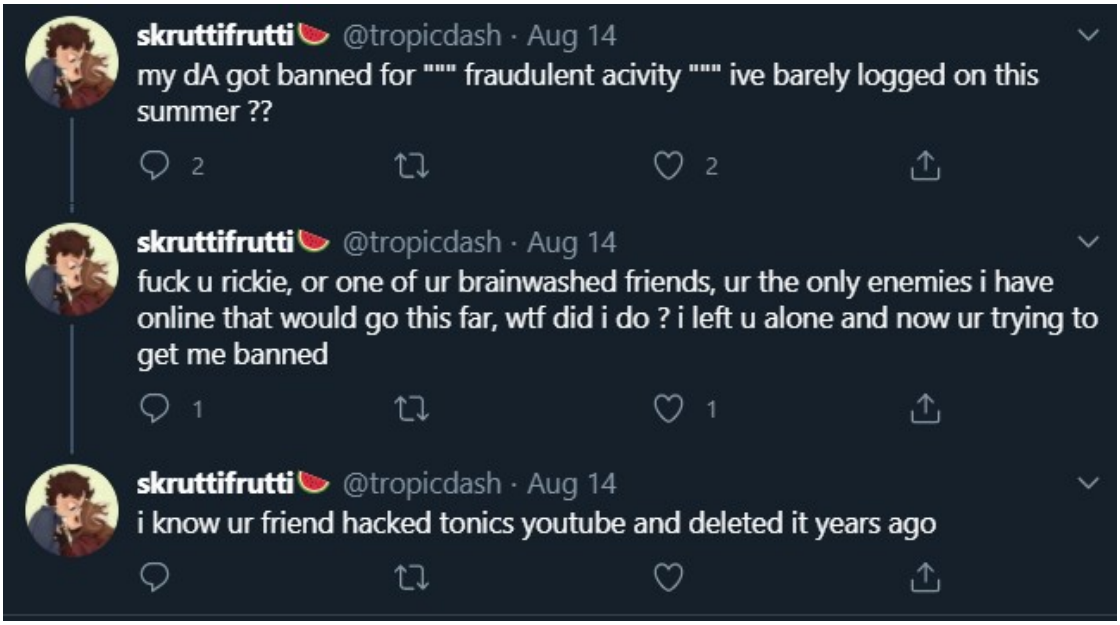
(also a threat ^)



Lets talk about a few of these:

Hacking accusation:
On Deviantary alot of people got hacked including me.
I made a semi-joking video about it :
https://twitter.com/birbdotavi/status/1287903194501259270
(as seen here)
You said you dont have alot of enemies beside me (?)
You have an twitter account just to harass other players on a game:

I dont even use Deviant art that much anymore nor do I care about this site in general.

DEADNAMING:
You dead named me on purpose. Its still transphobic.
Funfact:
You can be transphobic and still have trans friends
I wont say im innocent on this one BUT you did it PUBLICLY.

skruttifrutti🍉
@tropicdash

again i can post whatever i want, its ur problem for checking my shit honestly. also yes i will admit i was disrespectful for deadnaming, so ill go by ur proper pronouns now.

rye, stop stalking me.

No one is stopping you from venting (like you have in the past) yet you still deadnamed me in those vents. Im allowed to defend myself.
Deadnaming no matter what is a transphobic action.

FAMILY
(tw car crash mentioned in detail)

On August 19, i posted this about my grandma.
https://twitter.com/birbdotavi/status/1296009024991891456

My grandma is slowly getting better btw. I vented about it because I was going through a ton of emotions and wanted to update my followers about it.
Jo went on to tweet:

First fucking of all, this makes me fucking sick. I would NEVERpost something for fucking clout. You are fucking disgusting for accusing me of that.
Ive said enough in this post:
https://twitter.com/birbdotavi/status/1296971030326640643

If i have more, i will update.
Jo, I am done. Im fed up.

VISK / Viisk / V1Ska / Kobe

I will be referring to this person as Visk (he/him). Feel free to correct me if this is not what he goes by or what pronouns he uses and i will correct this w/ the correct name and pronouns.

I met Visk in 2017 right before my 17th birthday through Jo. I can admit I rushed into a relationship too quickly with him . I was 17 and he was 20.

I have to dig through my phone to get texts from 2018-2019 if I have any. In the relationship I had with visk was emotionally and mentally abusive.

“THE GORILLAZ DRAMA”

In 2018 I had a part time job as a sales clerk. One day I was having a bad day and Jo and her friend group were spamming outside the channel made for spam with gorillaz meme. I asked them to stop and they didnt so I was fed up and gave a warning that in 12-24 hours i was gonna delete the server and I did. I know it was petty but I was already having a fallout with the group due to drama before this with Jo and Zilla, leaving me and visk in the middle taking sides. After the group was deleted, everyone, including Visk straight up abandoned me. I had to beg and plead for Visk, who was my boyfriend , may I remind you, to talk to me. He didnt care about what i had to say and sided with Jo the whole time. Ill talk about Zilla after Visk.

During the relationship:

Our relationship was very toxic and abusive, it got worse after the whole zilla situation. We would often fight, he would threaten to break up with me, constantly guilttrip me and manipulate me. Visk wanted to be with Joey even before she turned 18… Joey is a year younger than me and he admitted this when we started dating he had a crush on her for a long time. My trust in visk was lost when he would constantly treat me like shit but Joey as if she was his girlfriend,. He would often lie to me about the shit he told them and if they were hanging out. He always used the excuse of “oh im busy” or my mic is broke when it was obvious on steam he was playing games you usually played with other people such as left 4 dead 2 , TF2 and others. Anytime we would fight, he would say “ill try to be more honest with you” but continue to lie to my face. I know i talked about sexual shit and honestly I was trying

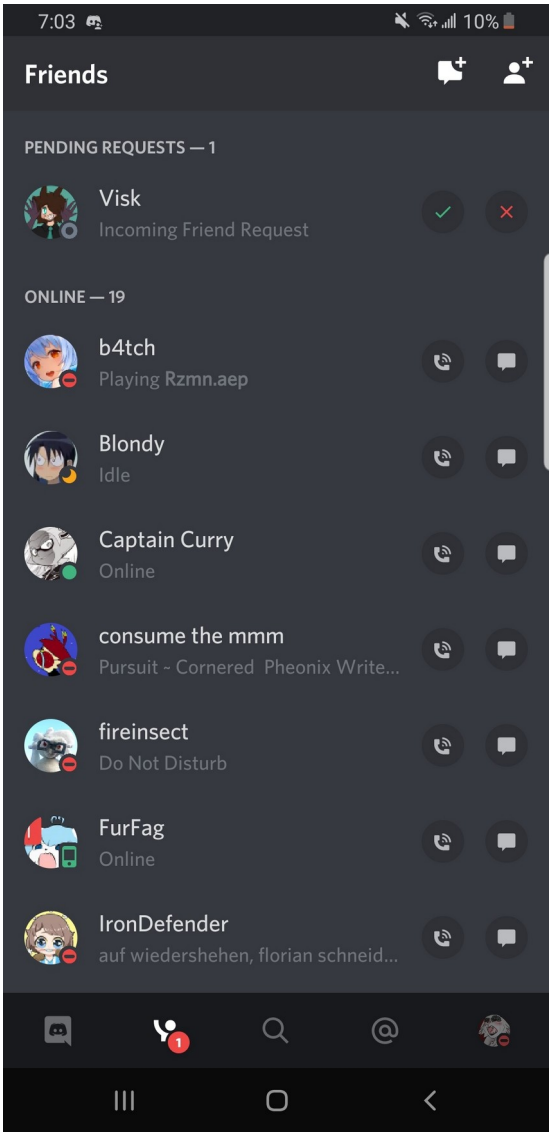
everything to get his attention even if i had to go that far. Yes, I regret it and I know it was fucked up. I would like to add any nudes that may be leaked after this (bc i know visk and his friends) , please know I was a minor in 90% of those images and only sent them to Visk and Zilla. I still fear that they will leak those till this day because I have no clue if they were deleted or not.

Jumping ahead:

2020

I had just posted this vent :
https://www.youtube.com/watch?v=PJyQ--aBxA8

Visk decided that bc of the description it was an invitation to message me.
I wake up to see this:



I start to have a slight panic attack at this time but choose to hear him out.
Too long to post here BUT heres the media fire link to it:
http://www.mediafire.com/folder/5fasvr5tdmgn1/Visk

Top to bottom
Sorry if anything is a little cropped out... there was so many screenshots and i dont have Visk on discord or in my side thing anymore.

In the end he tried to guilttrip me into forgiving him.

Visk, I WILL NEVER FORGIVE YOU. you took 2 years of my life away from me that I cannot get back. You emotionally and mentally abused me.
(if I have more… ill add onto it.)

ZILLA / TAYOR / _SirGodzilla_

I will be referring to this person as Zilla (he/him). Feel free to correct me if this is not what he goes by or what pronouns he uses and i will correct this w/ the correct name and pronouns.

I met Zilla back around the same time I met Kobe.

When the whole gorillaz drama went down is the thing I will be talking about. Everything was mostly in call.

Back when I was 17(he was 23 if I can recall correctly) , during the whole drama , zilla was the only one who I had from the friend group who would talk to me. We would stay in a call that lasted a week with barely any breaks. The only time it would stop is when i had work or we need a break. During that time, I was tired from both homelife and the drama. I opened up to you Zilla, I told you things and showed you thing that honestly makes me sick to think you know about me. Whether on purpose or not, you sexually took advantage of me and my body. You tried to keep it from Visk. You and visk lied and said it was only Art. Zilla you saved my fucking nudes. I dont believe you deleted them and it scares me every fucking day that you could leak those imgs. You traumatized me .You took advantage of me at my lowest point. I will never forgive you for it. You arent the worst emotionally like Visk and Jo, but you broke me.

Im gonna end this here. I'm tired and I just want this to stop. I finally have told my story Ive been hiding for years and put a brave face on about.
After this post, other than edits to this doc if i find old important information, I will not be visiting , viewing , stalking these peoples pages. I only did if I needed to defend myself.

Please do not witch hunt these people. They are free to vent and add their side to. With that said, I will no longer stand by and let people use me as a door mat or a toy. I'm tired.
